

Mary O'Brien, MS
Executive Vice President & Chief Administrative Officer

Mary O'Brien is Executive Vice President of Greater Milwaukee South and Chief Administrative Officer for Aurora St. Luke's Medical Center.

She oversees operations at Aurora St. Luke's and collaborates closely with management in implementing the strategic plan and assuring high quality, patient-centered care for the Greater Milwaukee South Market.

Before joining Aurora Health Care in 2006, Mary was President of Highland Park Hospital, part of the North Shore University Health Care System in Evanston, Illinois. Her extensive background in clinical, financial and administrative services serves her well in her current position with Aurora.

As a Fellow with the American College of Healthcare Executives, Mary feels it's a privilege to serve our patients. Her goal is to lead innovation so that every patient receives the most advanced and highest quality care available. She believes strongly in collaborating with other leaders in medicine, such as the National Institute for Health and the National Cancer Institute, to expedite the development and delivery of leading edge treatment options.

Mary believes that one of the most important roles of a health care provider is to provide education and prevention strategies to patients and families in order to build a healthier community.

Mary earned a Bachelor of Science degree in Medical Technology from St. Mary's College Notre Dame and a Master of Science in Education and Social Policy from Northwestern University.

Mary lives in Milwaukee and has two adult children who are also in the medical field.
