Profile

Thomas Derrig, MD, provides a complete spectrum of surgical techniques to patients of all ages. His exemplary history in the military translates to a standard of highest quality of medical expertise and operative performance. Dr. Derrig's broad scope of training allows him to bring the most advanced general, vascular and laparoscopic techniques to his patients. In addition, Dr. Derrig's approach places the patient in the center of an integrated health care delivery system.

While in the U.S. Air Force, he received many achievement awards and rose to the rank of Flight Surgeon and Chief of Aerospace Medicine for the North Dakota Air National Guard. He served in the military for 13 years. (02/10)
