Profile

Jacqueline Akert, RNC, MSN, APNP, is an experienced nurse practitioner who provides care for women's health, including midlife transitions/menopause management, osteoporosis prevention and management, women and heart disease, and all methods of contraception. She also has special interest in adolescent health and sexual health for both men and women. Skilled in women's health procedures, Jacqueline works closely with physicians to ensure patients get the best care possible. (02/10)
