Profile

As a board-certified urologist, Aaron Sulman, MD, specializes in addressing problems of the male and female urinary tracts and male reproductive organs, and in the treatment of prostate and renal cancers. Dr. Sulman is skilled in multiple surgeries of the prostate and kidneys using the da Vinci Surgical System. These are minimally invasive, robotic-assisted surgical procedures that offer shorter hospital stays, less pain, smaller incisions, lower risk of infection and blood loss, and faster recovery.

Dr. Sulman has advanced training in robotic and laparoscopic surgery, having completed a fellowship through Johns Hopkins University. (02/12)
