NOT-FOR-PROFIT HEALTH SYSTEM

Aurora Medical Center – Bay Area in northeast Wisconsin opened in August 2018 and is a modern facility set on 91 acres of serene wooded surroundings. With spacious, private rooms and family lounges in every room, we offer high-quality, value-based care to help you and your family live well. The hospital is nationally ranked for adult specialties and named among the best for maternity care, with a maternity access hospital designation, by U.S. News and World Report.

CLINICAL EXPERTISE AND SPECIALTIES

Orthopedics

Our facility is home to an experienced staff of physical and occupational therapists, including orthopedic surgeons, a multi-specialty group that sees patients and performs procedures in the hospital.

Women's Health

The only facility for deliveries in the county with one-stop care including digital mammography, incontinence treatment, obstetrics, osteoporosis treatment, and more.

Cancer Center

The Cancer Center provides full medical and radiation oncology services. The team has committed, experienced staff who create a warm, friendly, and encouraging place to heal the body, mind, and spirit.

Emergency Care

24 hours a day, 7 days a week, our emergency care team is here for you with lift support ambulances, volunteer rescue squads, and an integrated ambulatory team.

Physical Medicine and Rehabilitation

Led by fellowship trained spine medicine provider & APC, provides clinical assessments, medical management and other pain interventional procedures. Goal is to help patients regain normal function and promote healthy activity.

Cardiac Health

Cardiology is committed to helping you lead a healthier life through prevention, diagnosis, and treatment of heart and vascular disease.

Outpatient Surgery

The latest techniques and technologies to perform various procedures, including blood transfusions, IV therapy, presurgical services, and more.

CARING FOR OUR COMMUNITIES

Provided **financial counseling** and **follow-up care** to more than

500 people, increasing access to healthcare in the community.

Provided funding to support **local school systems'** physical

education programs and provide a community walking trail.

Partnered with **Feeding America & YMCA**

to distribute healthy recipes and food samples during food drives.
