Introduction

Welcome to the 2024-2025 Annual Residency Newsletter! As this residency year comes to an end, we are thinking of all of the lessons we have learned, the skills we developed, and the memories we've made. This year we were able to attend Midyear in New Orleans, present our yearlong projects at the Wisconsin Pharmacy Residency Conference at the Monona Terrace in Madison, connect with other pharmacists at various conferences, and explore Milwaukee as a residency class. We will always remember these opportunities, accomplishments, and experiences and use them to guide us through our future endeavors!

In this newsletter, we will share highlights of this year, introduce the incoming class of Aurora Health Care Pharmacy Residents, and share exciting updates from our alumni. A special thank you to all our residency program directors, residency program coordinators, preceptors, and pharmacy team members for a successful residency year. Your guidance, uplifting advice, and constant support did not go unnoticed and we appreciate you all!

Aurora Health Care Residency Class

PGY1 Pharmacy – Aurora Health Care Metro, Inc.

Anna Amos

Drake University

Post Residency Plan: Pediatric and Transplant
Clinical Pharmacist – Iowa Methodist Medical
Center

“A highlight of my year was becoming
comfortable and confident in staffing the
abdominal transplant floor.”

Thomas Drummond

University of Wisconsin-Madison

Post Residency Plan: PGY2 Oncology
Resident – Aurora Health Care Metro, Inc
“A highlight from this year was the first
staffing weekend I completed
independently. That felt like an important
milestone in my professional practice and
proved to myself that it was something I
was capable of.”

Mitchell Glodoski

Concordia University Wisconsin

Post Residency Plan: Clinical Pharmacist
Night Shift – Aurora Medical Center
Oshkosh

“A professional highlight of this year was
helping implement a new workflow for
Entyvio in the IV room.”

Julianna Kuecker

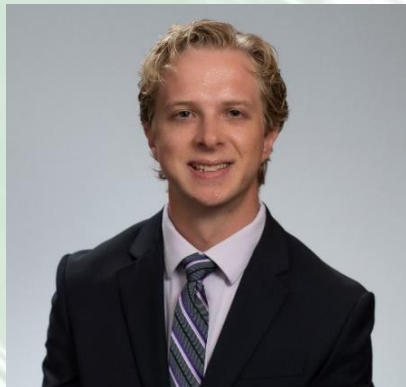

University of Wisconsin-Madison

Post Residency Plan: PGY2 Oncology Pharmacy
Resident – Aurora Health Care Metro, Inc.

“A highlight of my year was the opportunity to
precept a fourth-year pharmacy student
during my surgery rotation which allowed me
to strengthen my preceptor skills!”

Michael Larson

Concordia University Wisconsin

Post Residency Plan: Clinical Pharmacist –
Aurora St. Luke's Medical Center

“A highlight of my year was catching an
incorrectly resumed bupropion prescription
on admission and again on discharge in a
patient with newly diagnosed seizures.”

Kans Lewis

Florida A&M University

Post Residency Plan: Advanced Clinical
Pharmacist – Grand Strand Medical Center

“A highlight of my year was the moment I
was able to staff a floor myself.”

Emily Mowrer

Concordia University Wisconsin

Mourning The Death of Hadley Rolf, PharmD ('21)

It is with deep sadness we note that 2021 West Allis Pharmacy Residency graduate Hadley Rolf passed away on August 19th, 2024 from a brain bleed. Hadley was a cherished member of our Aurora residency family and she will be greatly missed. She was an excellent pharmacist, great colleague, and overall wonderful person. After graduating from our residency program in 2021, Hadley completed a PGY2 residency in medication safety / drug policy and was a Drug Information Clinical Coordinator at the University of Kansas Medical Center in Kansas City. Hadley's family has graciously setup a memorial fund in her name to support institutions that were important to her, including Aurora Health Care.

Words from Matt Carleton:

I recognize that some members of our team may find this news particularly upsetting. Please reach out to me if you want someone to talk to during this time. Additionally, support services are always available for our teammates via the [Employee Assistance Program](#) or [Chaplain Connect](#).

Please keep Hadley's family, friends, and past/present coworkers in your thoughts and prayers during this difficult time. She will be deeply missed by many I am sure.

Once details of her memorial service are published, we will arrange a way to pass along condolences to Hadley's family from our team here at AWAMC. I will share those details when known.
