Applicants shall have the opportunity to read a copy of these Medical Staff Bylaws, the Policies Governing Medical Practices, and any applicable Site Operating Policies as are in force at the time of application, and the Applicant expressly agrees to be bound by the terms of such documents as they may be amended from time to time.

2.4.2 Pre-Application Process and Obtaining an Application.
(a) Pre-Screening Requirements. Licensed Independent Practitioners and Advanced Practice Professionals seeking appointment, reappointment, and/or Clinical Privileges (including initial or modified Clinical Privileges) must submit a complete written Application. ix. If an Advanced Practice Professional required to have a collaborative or supervisory relationship and written agreement, maintains the same with a current Medical Staff Member or Applicant; and

x. Has not been convicted of, or plead “guilty” or “no contest” or its equivalent to, a felony in any jurisdiction.

(b) Failure to Meet Pre-Screening Requirements. Only Licensed Independent Practitioners and Advanced Practice Professionals who meet the basic criteria for Medical Staff appointment shall be given an Application. Licensed Independent Practitioners and Advanced Practice Professionals who fail to meet the basic criteria shall be so notified and shall not receive an Application. The failure to meet the criteria above and not receive an Application on that basis shall not entitle a prospective Applicant to hearing or appeals rights under these Bylaws and is not an action that is reportable to the NPDB.

(c) Provision of Application. If the prospective Applicant confirms he/she meets such criteria, Medical Staff Services shall send the appropriate Application to the potential Applicant, or make the Application accessible to the potential Applicant electronically. If a CVO or TSO will participate in the credentials verification process, the Application or a portion of the Application may be sent to the Applicant by the CVO or TSO. Applicants to the Telemedicine Medical Staff may receive an abbreviated Application.

(d) Initial Appointment. Initial appointment, if granted, shall be for a period of not more than two (2) years, with reappointment scheduled according to the month of the Staff Member's birth.

(e) Reappointment and Renewal of Clinical Privileges. Medical Staff Services will send to each Applicant for reappointment/renewal the appropriate Application.
Reappointment/renewal dates are defined as the Applicant’s month of birth on the odd or even year of birth. Reappointment, if granted, shall be for a period of not more than two (2) years, with reappointment scheduled according to the month of the Staff Member’s birth. The Medical Executive Committee may, in its sole discretion, recommend that a Staff Member be granted Conditional Reappointment, upon approval of the Governing Board. Staff Members receiving Conditional Reappointment shall not be entitled to hearing and appellate review rights. Unless otherwise specified, appointment terms run through the fourteenth day of the Staff Member’s birth month.

(f) **Modification of Medical Staff Category or Clinical Privileges.** An individual seeking to modify his/her Medical Staff category or his/her current Clinical Privileges must request the appropriate Application from Medical Staff Services. Medical Staff Services shall send the appropriate Application to the potential Applicant, or make the Application accessible to the potential Applicant electronically, unless the particular Clinical Privileges sought are not available to the Applicant.

(g) **Temporary, Emergency, and Disaster Privileges.** Refer to Section 2.8.

(h) **Previously Denied or Terminated Applicants.** An individual who is subject to an Adverse Action regarding appointment, reappointment and/or Clinical Privileges, shall not be permitted to submit the same or a similar Application for at least two (2) years after notice of the Adverse Action, unless the Adverse Action provides otherwise. Applications submitted during this two (2) year period shall be returned to the Applicant, and no right of hearing or appellate review shall be available in connection with the return of such Application. An Application submitted subsequent to the two year period shall be processed as an initial Application.

2.4.3 **Application Submission.**

(a) **Initial Appointment.** Initial Applicants must submit a complete Application (including required supporting documentation specified in the Application) to Medical Staff Services (or its designee) within ninety (90) days of the Applicant’s receipt of the Application. If a complete Application is not submitted within ninety (90) days of the Applicant’s receipt of the initial Application, the Application will be considered withdrawn, no further processing will take place, the Applicant shall not be entitled to hearing and appellate review rights, and the event shall not be reportable to the NPDB.

(b) **Reappointment/Renewal.** Reappointment/renewal Applicants must submit a complete Application (including required supporting documentation specified in the Application) to Medical Staff Services at least four (4) months prior to the expiration of the Staff Member's then current appointment period. In the event an Applicant fails to timely submit a reappointment/renewal Application, the Applicant’s Staff Membership and Clinical Privileges shall be deemed to have
expired at the end of the Applicant’s then current term. Such expiration shall not entitle the Applicant to hearing or appellate review rights. Upon expiration, the Applicant must complete an initial Application, meet all of the requirements for initial appointment and Clinical Privileges, and pay any applicable Application fee.

(c) **Modification of Medical Staff Category or Clinical Privileges.** A Medical Staff Member seeking modification of Medical Staff category or current Clinical Privileges must submit the request in writing to Medical Staff Services as set forth in Section 3.9. Requests may be submitted at any time. However, such requests will not be accepted or considered within the twelve (12) month period following an Adverse Action regarding a similar request, unless the Adverse Action provides otherwise.

(d) **Telemedicine Medical Staff Applicant.** In lieu of a full application, a Telemedicine Medical Staff Applicant or the TSO with which the Applicant is affiliated may submit the Applicant’s application for clinical privileges at the TSO and a list of the Applicant’s current privileges at the TSO. The Applicant or TSO shall provide any additional information or materials that may be requested by Medical Staff Services, the Medical Staff, and/or the Governing Body, and the Applicant shall sign the acknowledgement required by Section 2.3.10 and any other statements that may be required by the Medical Center and/or the Medical Staff.

This burden may include completion of a medical, psychiatric, or psychological examination, at the Applicant’s expense, if deemed appropriate by the Medical Executive Committee, which may also select the examining physician. The Applicant’s failure, as determined by the Medical Executive Committee in its sole discretion, to sustain this burden or the provision of information containing misrepresentations or omissions may be grounds for denial of an Application.

2.4.5 **Effect of Misrepresentation, Misstatement or Omission.**
Applicants and Staff Members expressly agree that any misrepresentation or misstatement in, or omission from, an Application shall be deemed a voluntary withdrawal of such Application without hearing and appeal rights. An Applicant or Staff Member whose Application is withdrawn under this Section 2.4.5 may not submit a new application for Medical Staff membership or Clinical Privileges for a period of twelve (12) months. Upon the Applicant’s request, the Metro Credentials Committee may waive such twelve (12) month restriction in the event the Metro Credentials Committee determines that the misrepresentation, misstatement, or omission was inadvertent.
2.5 **Review and Evaluation Process**\(^{44}\)

2.5.1 **Generally.**
Prior to making a recommendation or decision regarding an Application, Medical Staff Services, the appropriate Service Chief or Section Chair, as applicable, the Metro Credentials Committee, the Medical Executive Committee, and the Governing Body will review all relevant information regarding the Applicant and verify that the Applicant meets the qualifications for Staff Membership and Clinical Privileges set forth in these Bylaws. The Service Chief or Section Chair, as applicable, the Metro Credentials Committee, the Medical Executive Committee, and/or the Governing Body may contact any of the Applicant’s peer references for additional information, and/or request an interview with the Applicant.

2.5.2 **Anticipated Time Periods for Application Processing.**\(^{45}\)
All individuals and groups required to act on an Application shall do so in a timely and good faith manner\(^{46}\) and, except for good cause (including without limitation a delay on the part of the Applicant), each Application should be processed within the time periods set forth below, measured from the receipt of a completed Application. These time periods are deemed guidelines and do not create any right to have an Application processed within these precise periods. If the provisions of the corrective action, or hearing and appellate review processes specified in these Medical Staff Bylaws are initiated, the time requirements provided therein shall govern the continued processing of the Application.
