(a) Current Photo. A head shot photo of the Applicant, minimum size of 2” x 2” taken within the past two (2) years, showing current appearance and full face with a light background, either in color or black and white. (b) Photo Identification.42 The Applicant’s current picture hospital ID card or a valid picture ID of the Applicant issued by a state or federal agency (e.g. driver’s license or passport).

2.4.2 Obtaining an Application.
Individuals seeking appointment, reappointment, and/or Clinical Privileges (including initial or modified Clinical Privileges) must submit a complete written Application.

(a) Initial Appointment and Clinical Privileges. An individual seeking initial appointment and/or Clinical Privileges may request an Application by contacting Medical Staff Services. Medical Staff Services personnel may contact the prospective Applicant to confirm that the prospective Applicant meets the following basic criteria:

i. Possess a current license to practice his/her profession in Wisconsin;

ii. Can provide peer recommendations as provided in Section 2.3 of these Bylaws;

iii. Is eligible for participation in the state and federal reimbursement programs as provided in Section 2.3;
iv. Can provide a current certificate of insurance evidencing professional liability coverage with limits not less than those specified in Wisconsin Statutes Chapter 655 or successor statutes thereto; and

v. Practices in a specialty that is open to new Applicants (In accordance with Section 2.1.5 certain specialties, may be closed to new Applicants if the Medical Center enters into an exclusive agreement to secure such specialty services).

If the prospective Applicant confirms he/she meets such criteria, Medical Staff Services shall send the appropriate Application to the potential Applicant, or make the Application accessible to the potential Applicant electronically. If a CVO or TSO will participate in the credentials verification process, the Application or a portion of the Application may be sent to the Applicant by the CVO or TSO. Applicants to the Telemedicine Medical Staff may receive an abbreviated Application. If the prospective Applicant does not meet the basic qualifications above, Medical Staff Service personnel shall inform the Applicant that the Medical Center will not provide or process an Application unless all such criteria are met. The failure to meet the criteria above and the denial of an Application on that basis shall not entitle a prospective Applicant to hearing or appeals rights under these Bylaws. Initial appointment, if granted, shall be for a period of not more than two (2) years, with reappointment scheduled according to the month of the Staff Member's birth.

(b) Reappointment and Renewal of Clinical Privileges. Medical Staff Services will send to each Applicant for reappointment/renewal the appropriate Application. Reappointment/renewal dates are defined as the Applicant’s month of birth on the odd or even year of birth. If a CVO or a TSO will participate in the credentials verification process, the Application or a portion of the Application may be sent by the CVO or TSO. Reappointment, if granted, shall be for a period of not more than two (2) years. The Medical Executive Committee may, in its sole discretion, recommend that a Staff Member be granted Conditional Reappointment, upon approval of the Governing Board. Staff Members receiving Conditional Reappointment shall not be entitled to hearing and appellate review rights. Unless otherwise specified, appointment terms run through the fourteenth day of the Staff Member’s birth month.

(c) Modification of Medical Staff Category or Clinical Privileges. An individual seeking to modify his/her Medical Staff category or his/her current Clinical Privileges must request the appropriate Application from Medical Staff Services. Medical Staff Services shall send the appropriate Application to the potential Applicant, or make the Application accessible to the potential Applicant electronically, unless the particular Clinical Privileges sought are not available to the Applicant.

(d) Temporary, Emergency, and Disaster Privileges. Refer to Section 2.7.
(e) **Previously Denied or Terminated Applicants.** An individual who is subject to an Adverse Action regarding appointment, reappointment and/or Clinical Privileges, shall not be permitted to submit the same or a similar Application for at least two (2) years after notice of the Adverse Action, unless the Adverse Action provides otherwise. Applications submitted during this two (2) year period shall be returned to the Applicant, and no right of hearing or appellate review shall be available in connection with the return of such Application. An Application submitted subsequent to the two year period shall be processed as an initial Application.

### 2.4.3 Application Submission.

(a) **Initial Appointment.** Initial Applicants must submit a complete Application (including required supporting documentation specified in the Application) to Medical Staff Services (or its designee) within ninety (90) days of the Applicant’s receipt of the Application. If a complete Application is not submitted within ninety (90) days of the Applicant’s receipt of the initial Application, the Application will be considered withdrawn, no further processing will take place, and the Applicant shall not be entitled to hearing and appellate review rights.

(b) **Reappointment/Renewal.** Reappointment/renewal Applicants must submit a complete Application (including required supporting documentation specified in the Application) to Medical Staff Services at least four (4) months prior to the expiration of the Staff Member's then current appointment period. In the event an Applicant fails to timely submit a reappointment/renewal Application, the Applicant’s Staff Membership and Clinical Privileges shall be deemed to have expired at the end of the Applicant’s then current term. Such expiration shall not entitle the Applicant to hearing or appellate review rights. Upon expiration, the Applicant must complete an initial Application and meet all of the requirements for initial appointment and Clinical Privileges, and pay any applicable Application fee.

(c) **Modification of Medical Staff Category or Clinical Privileges.** A Medical Staff Member seeking modification of Medical Staff category or current Clinical Privileges must submit the request in writing to Medical Staff Services as set forth in Section 3.9. Requests may be submitted at any time. However, such requests will not be accepted or considered within the twelve (12) month period following an Adverse Action regarding a similar request, unless the Adverse Action provides otherwise.

(d) **Telemedicine Medical Staff Applicant.** In lieu of a full application, a Telemedicine Medical Staff Applicant or the TSO with which the Applicant is affiliated may submit the Applicant’s application for clinical privileges at the TSO and a list of the Applicant’s current privileges at the TSO. The Applicant or TSO shall provide any additional information or materials that may be requested by Medical Staff Services, the Medical Staff, and/or the Governing Body, and the Applicant shall sign the acknowledgement required by Section 2.3.10 and any other statements that may be required by the Medical Center and/or the Medical Staff.
2.4.4 Applicant’s Burden.
Each Applicant shall have the burden of producing complete, accurate and adequate information to allow a proper evaluation of and resolve any doubts related to his/her qualifications. This burden may include completion of a medical, psychiatric, or psychological examination, at the Applicant’s expense, if deemed appropriate by the Medical Executive Committee, which may also select the examining physician. The Applicant’s failure, as determined by the Medical Executive Committee in its sole discretion, to sustain this burden or the provision of information containing misrepresentations or omissions may be grounds for denial of an Application.

2.5 REVIEW AND EVALUATION PROCESS

2.5.1 Generally.
Prior to making a recommendation or decision regarding an Application, Medical Staff Services, the appropriate Department Chair or Section Chief, as applicable, the Credentials Committee, the Medical Executive Committee, and the Governing Body will review all relevant information regarding the Applicant and verify that the Applicant meets the qualifications for Staff Membership and Clinical Privileges set forth in these Bylaws. The Department Chair or Section Chief, as applicable, the Credentials Committee, the Medical Executive Committee, and/or the Governing Body may contact any of the Applicant’s peer references for additional information, and/or request an interview with the Applicant.

2.5.2 Anticipated Time Periods for Application Processing.
All individuals and groups required to act on an Application shall do so in a timely and good faith manner and, except for good cause (including without limitation a delay on the part of the Applicant), each Application should be processed within the time periods set forth below, measured from the receipt of a completed Application. These time periods are deemed guidelines and do not create any right to have an Application processed within these precise periods. If the provisions of the corrective action, or hearing and appellate review processes specified in these Medical Staff Bylaws are initiated, the time requirements provided therein shall govern the continued processing of the Application.

#### 2.5.3 Initial Review by Medical Staff Services.\(^{47}\)

(a) **Initial Review.** Medical Staff Services shall maintain a separate credentials file for each individual Applicant. However, if the Medical Executive Committee will rely on a TSO’s credentialing and privileging decisions in accordance with Section 2.5.10, Medical Staff Services may maintain a single credentials file for the TSO that contains credentialing information for all of the TSO’s Telemedicine Medical Staff Applicants.\(^{48}\) Medical Staff Services (and/or a designated CVO or TSO) will perform an initial review of each Applicant’s credentials file to ensure that it includes: (a) a complete Application; (b) verification of the Applicant’s credentials (including primary source verification of certain qualifications as set forth in Section 2.3); and (c) all other required documentation. If the Applicant’s credentials file is deemed complete, it will be forwarded to the appropriate Department Chair for review.

(b) **Incomplete Credentials File.** It is the sole responsibility of each Applicant to submit all the qualifying information and supporting documentation described in these Bylaws, or as otherwise requested by the Medical Staff, on the approved forms and in the manner requested. The Medical Center is under no obligation to act on an Application until all such information and supporting documentation has been received (even if the missing information is to be provided by a third party). If the required information and documentation have not been submitted, the Applicant’s file will be deemed incomplete. Medical Staff Services will notify the Applicant of the deficiencies and that the Applicant’s failure to correct such deficiencies within thirty (30) days may be deemed a voluntary withdrawal of the Application. The Applicant shall not be entitled to hearing or appellate review rights in connection with such voluntary withdrawal.

#### 2.5.4 Department Chair Review and Recommendation.

The Department Chair or Section Chief, as applicable, shall determine whether the Applicant’s peer recommendations and professional practice review data is sufficient to assess the Applicant’s competence to perform the requested Clinical Privileges. (b) **Clinical Privileges.** Whether the Applicant’s request should be approved or disapproved, in whole or in part, and whether there are any recommended conditions or restrictions. If the Applicant seeks initial or modified Clinical Privileges, the written recommendation shall include a focused professional practice evaluation method to be instituted in accordance with the Medical Center’s peer review policy.⁴⁹ If the recommendation regarding Clinical Privileges is adverse to the Applicant, in whole or in part, the written recommendation shall clearly state the reason(s) for such Adverse Action.

If the Department Chair or Section Chief, as applicable, fails to provide a recommendation regarding the application within thirty (30) days of receipt, the application shall be forwarded to, and reviewed by, the Credentials Committee, regardless of whether the requirements of section 2.5.4 have been met.

### 2.5.5 Credentials Committee Review and Recommendation

Upon completion of the evaluation described in Section 2.5.1 and review of the Department Chair or Section Chief’s written recommendation, the Credentials Committee will submit a written recommendation to the Medical Executive Committee that includes the information set forth in Sections 2.5.4(a) and (b). If the Credentials Committee disagrees with the recommendation of the Department Chair or Section Chief or the recommendation is adverse to the Applicant, in whole or in part, the Credentials Committee’s written recommendation shall include the reason(s) for the alternative recommendation. Not later than thirty (30) days from its receipt of the application and all required and requested information, the Credentials Committee shall send its recommendation regarding the application to the Medical Executive Committee. The recommendation shall state one of the following regarding the Practitioner:

(a) The Medical Staff Member should be appointed to the Medical Staff or granted the Clinical Privileges requested. Such recommendation shall delineate the provisional services assignment(s) at the Medical Center.

(c) The Medical Staff Member's request for appointment or Clinical Privileges should be denied.

If at any time during its evaluation process the Credentials Committee determines more information is needed, the application will be considered to be incomplete and the Credentials Committee will not take action until such time as the application is complete.

2.5.6 Medical Executive Committee Review and Recommendation.
Upon completion of the evaluation described in Section 2.5.1, and review of the written recommendations of the applicable Department Chair or Section Chief and the Credentials Committee, the Medical Executive Committee will draft a written recommendation that includes the information set forth in Sections 2.5.4(a) and (b). If the proposed recommendation is favorable to the Applicant, the Medical Executive Committee will submit its recommendation to the Governing Body. If the proposed recommendation is deemed an Adverse Action in accordance with the Medical Staff Bylaws, the Administrator (or his or her designee) will notify the Applicant of the proposed Adverse Action (including the reasons for such recommendation) and advise the Applicant of his/her hearing rights (if any) in accordance with these Medical Staff Bylaws. The Medical Executive Committee shall not submit the proposed Adverse Action to the Governing Body until the Applicant has had an opportunity to exercise or waive his/her hearing rights (if any) in accordance with these Medical Staff Bylaws. If at any time during its evaluation process the Medical Executive Committee determines more information is needed, the application will be considered to be incomplete and the Medical Executive Committee will not take action until such time as the application is complete.

2.5.7 Governing Body Review and Decision.50
Upon completion of the evaluation described in Section 2.5.1, and review of the written recommendations of the applicable Department Chair or Section Chief, the Credentials Committee, and the Medical Executive Committee, the Governing Body will issue a written decision that includes the information set forth in Section 2.5.4. The written decision may precondition appointment or reappointment, and granting or continued exercise of Clinical Privileges, upon the Applicant undergoing mental or physical examinations and/or such other evaluations as it may deem appropriate at that time or at any intervening time, to evaluate the Applicant’s ability to exercise Clinical Privileges. If at any time during its evaluation process the Governing Body determines more information is needed, the application will be considered to be incomplete and the Governing Body will not take action until such time as the application is complete.

2.5.8 Expedited Governing Body Review and Decision.\textsuperscript{51}

(a) To expedite appointment, reappointment, and granting of clinical privileges, and in lieu of the full Governing Body issuing a written decision in accordance with Section 2.5.7, the Governing Body may delegate to a committee of at least two voting members of the Governing Body the authority to issue such decisions, provided that:

Written confirmation of voluntary relinquishment shall be given to the affected Staff Member by Medical Staff Services, with notice to the Governing Body, the Medical Executive Committee, the Administrator, the Chief Medical Officer, and any Aurora Affiliate where the Staff Member is on staff or employed. It shall be the obligation of the Medical Executive Committee/Governing Body representative to present appropriate evidence in support of the Adverse Action, but the affected Medical Staff Member shall thereafter be responsible for supporting such Medical Staff Member’s challenge to the Adverse Action by an appropriate showing that the charges or grounds involved lack any factual basis, or that such basis or any action based thereon is either arbitrary or capricious.
