AURORA MEDICAL CENTER IN KENOSHA

Aurora Medical Center in Kenosha is a 74-bed hospital dedicated to improving the health and wellness of the people we serve in the Racine, Kenosha, and Northern Illinois area. As a nationally recognized medical center we offer a wide range of specialty care in a compassionate and culturally affirming setting to help everyone we serve live well.

NATIONALLY RECOGNIZED FOR EXCELLENCE

CLINICAL EXPERTISE AND SPECIALTIES

Cardiac Care
A comprehensive heart and vascular care program in conjunction with Aurora St. Luke’s Medical Center dedicated to prevention, diagnosis and treatment

Cancer Care
State-of-the-art, compassionate cancer care with the conveniently close to home. We diagnose more cancer patients than any other health system in Wisconsin.

Emergency Care
Level III Trauma Center and a Stroke Center of Excellence

Women’s Health Care
Mammograms, minimally invasive surgeries and more

Orthopedic and Spine Care
Non-surgical options and minimally invasive procedures, computer-assisted surgical technology and research, the latest advancements in orthopedic and spine care

Surgical Care
Wide range of inpatient and outpatient general, vascular, breast and plastic surgical services; specialists use the most advanced medical technologies, including robotics

Gastroenterology
Culture of excellence in patient care for the entire spectrum of digestive conditions of esophagus, stomach, small intestine, colon, rectum, pancreas, gallbladder and liver

CARING FOR OUR COMMUNITIES

Senior Resource Nurses guide aging adults on Advanced Directives, fall prevention, medication management and more, coordinating with the care team.

Cancer Nurse Navigators serve as advocates, provide support for survivors and give recommendations for healthy lifestyle change

Newborn health and safety outreach educated new mothers on car seat safety, safe sleep practices, breastfeeding, infant CPR and more
