i. Physicians. A Physician must: (i) have successfully completed: (a) a residency program approved by the Accreditation Council for Graduate Medical Education (ACGME), the American Osteopathic Association, the Royal College of Physicians and Surgeons of Canada, or the Medical Executive Committee, or (b) the eligibility requirements of the respective American Board of Medical Specialties Board; (ii) be board certified by a specialty board approved by the American Board of Medical Specialties, the Royal College of Physicians and Surgeons of Canada, or the American Osteopathic Association; or be board eligible and receive board certification in the specialty for which privileges are sought within five (5) years of Physician’s completion of residency or fellowship, as applicable; and (iii) maintain board certification for the duration of the Physician’s Staff Membership. iii. **Dentists.** A Dentist must have successfully completed a training program at a school of dentistry accredited by the American Dental Association or approved by the Medical Executive Committee.

(b) **Waivers of Board Certification.** Board Certification may be waived in the following circumstances:

i. **Temporary Waiver of Board Certification Requirements.** Board Certification requirements may be waived for a specific Applicant temporarily, in accordance with the following criteria:

(A) The Applicant has demonstrated competence or expertise;

(B) The Governing Body determines that a Site has a demonstrated need for the Applicant’s services, and such need cannot be met without waiving the board certification requirements for the Applicant;

(C) The waiver is recommended to the Governing Body by the Medical Executive Committee; and

(D) The waiver is granted for the length of time necessary for either: (1) the Applicant to become board certified; or (2) the applicable Site to meet its patient care needs by securing the services of another practitioner.

Temporary waivers of board certification requirements granted to a Staff Member prior to the initial adoption of these Bylaws shall continue for such Staff Member for the duration and according to the terms as initially granted.

ii. **Specialty Waiver.** To provide for the comprehensive care of patients, Board Certification requirements may be waived for a new Applicant who is ineligible for Board Certification in order to add to the Medical Staff an individual whose specialty is either not represented or is significantly underrepresented and considered vital to the care of patients and whose knowledges, skill and experience is unable to be secured by ordinary
recruiting efforts. The initial appointment shall be for one (1) year. Prior to the end of that one year, the Applicant’s practice in all dimensions shall be reviewed and presented through the applicable reappointment process with the opportunity for a recommendation on reappointment for two (2) years.

iii. New Subspecialty Waiver. Board Certification requirements may be waived for Applicants who have, over the course of their careers and prior practice, demonstrated an acceptable level of experience and quality in an area subsequently recognized as a subspecialty, provided their current Board Certification remains in good standing. In these cases, it is recognized that formal opportunities for fellowship training or recognition by a newly formed specialty society might have excluded capable physicians from formal recognition. (Examples would include areas such as Neurocritical care, Geriatrics, Sports Medicine, Palliative care, etc.).

iv. Grandfather Waiver. Waiver of board certification requirements shall continue for those Practitioners who were granted a waiver under a grandfather provision as a member of an Aurora Medical Center medical staff prior to the initial adoption of these Bylaws.

### 2.3.6 Professional Practice Evaluation Data.
Each Applicant must provide or permit access to professional practice evaluation data generated by a Site and any other entity that currently privileges the Applicant, if available. The Applicant, in the previous eighteen (18) months, must have (i) treated patients in a hospital or other appropriate setting in which the Applicant’s care was subject to evaluation through peer review acceptable to the Medical Executive Committee, or (ii) applied for Staff Membership and/or Clinical Privileges upon completion of a graduate or post-graduate program, as applicable.

Medical Staff Services shall confirm each Applicant’s status through primary source verification prior to appointment and reappointment.

### 2.3.8 DEA Registration.
If the Applicant’s practice will involve the prescription of controlled substances, the Applicant must possess a current, unrestricted DEA registration which will allow the Applicant to prescribe medications for Medical Center patients. The Applicant, upon request, must provide a copy of his/her current DEA registration certificate, as well as previously successful or currently pending challenges to registration or voluntary or involuntary relinquishment of registration, if any. Medical Staff Services shall confirm each Applicant’s DEA registration through primary source verification prior to appointment and reappointment and at time of expiration.

2.3.9 Specified Pre-Conditions.
The Governing Body may, in its sole discretion and with or without a recommendation from the Medical Executive Committee, precondition appointment, reappointment, and/or the granting or continued exercise of Clinical Privileges upon the Applicant complying with certain conditions or restrictions, including but not limited to, the Applicant undergoing mental or physical examinations, tests and/or other evaluations the Governing Body deems appropriate to evaluate and/or ensure that there is no change in the Applicant’s qualifications and ability to exercise Clinical Privileges and provide quality care and supervision to Applicant’s patients. Applicants receiving specified preconditions shall not be entitled to the hearing and appeal rights provided in these Bylaws.

2.3.10 Signed Acknowledgement.
Each Application must include the Applicant’s specific, written acknowledgement that the Applicant:

For initial Applicants, primary source verification will be performed for: (1) current staff memberships and privileges (and, if desired, current employment); and (2) previous staff memberships and privileges (and, if desired, previous employment) held by the Applicant during the five (5) years prior to the Application date. Staff membership, privileges and employment held by an initial Applicant prior to the five (5) years preceding the Application date may be verified through primary source verification at the discretion of the Medical Staff. For reappointment Applicants, primary source verification shall only be performed for the Applicant’s current staff memberships and Clinical Privileges (and, if desired, employment).

### 2.3.12 Absence of Criminal Background.

Each initial Applicant (except Applicants to the Telemedicine Medical Staff), must complete a Background Disclosure Form and consent to and cooperate with the performance of a background check, the results of which do not prevent the Medical Center from extending Staff Membership or Clinical Privileges to the Applicant.\(^{34}\) Medical Staff Services will review the Background Information Disclosure form and complete the caregiver background check. Thereafter, Medical Staff Services will conduct an electronic background search for all reappointment Applicants (except reappointment Applicants to the Telemedicine Medical Staff) at least every four (4) years.\(^{35}\) Applicants must have a record that is free of convictions and pleas of “guilty” or “no contest” or its equivalent to a felony in any jurisdiction.

Upon the request of any member of the Site Leadership Council, Aurora Unified Credentials Committee, Medical Executive Committee, or Governing Body, each Applicant agrees to undergo mental or physical examinations, tests and/or other evaluations deemed appropriate to evaluate the Applicant’s ability to exercise Clinical Privileges. If there is a known mental or physical impairment, the Applicant will provide evidence that the impairment does not adversely affect the Applicant’s ability to exercise Clinical Privileges, with or without a reasonable accommodation.

2.3.18 Professional Liability Insurance.
Each Applicant must submit a current Certificate of Insurance evidencing professional malpractice insurance coverage with limits not less than those specified in Wis. Stat. ch. 655 or successor statutes thereto and must maintain such insurance coverage. Applicants who fail to meet such requirements shall be so notified and shall not receive an Application. The failure to meet such requirements and not

(c) **Modification of Medical Staff Category or Clinical Privileges.** A Medical Staff Member seeking modification of Medical Staff category or current Clinical Privileges must submit the request in writing to Medical Staff Services as set forth in Section 3.9. The Applicant’s failure, as determined by the Medical Executive Committee or Governing Body, as applicable, in its sole discretion, to sustain this burden shall deem the Application incomplete.

2.5.5 **Effect of Misrepresentation, Misstatement or Omission.**

Applicants expressly agree that if the Medical Executive Committee or the Governing Body, in its sole discretion, determine that (1) the Applicant made a misrepresentation or misstatement in, or omission from, an Application and (2) the Applicant knowingly intended to make such misrepresentation, misstatement, or omission, the Application shall be deemed a voluntary withdrawal of such Application without hearing and appeal rights. An Applicant or Staff Member whose Application is withdrawn under this Section 2.5.5 may not submit a new application for Medical Staff membership or Clinical Privileges for a period of twelve (12) months. these Bylaws, or as otherwise requested by the Medical Staff, on the approved forms and in the manner requested. The Medical Center(s) are under no obligation to act on an Application until all such information and supporting documentation has been received (even if the missing information is to be provided by a third party). If the required information and documentation have not been submitted, the Applicant’s file will be deemed incomplete. Medical Staff Services will notify the Applicant of the deficiencies and that the Applicant’s failure to correct such deficiencies within thirty (30) days may be deemed a voluntary withdrawal of the Application. The Applicant shall not be entitled to hearing or appellate review rights in connection with such voluntary withdrawal.

(c) Categorization of Applicants. Medical Staff Services shall categorize all new Applicants into one of three categories (“Category I”, “Category II”, and “Category III”) according to guidelines approved by the Medical Executive Committee and the Governing Body.

2.6.4 Department Chief Review and Recommendation.
The Department Chief at the Applicant’s Primary Site shall determine whether the Applicant’s peer recommendations and professional practice review data is sufficient to assess the Applicant’s competence to perform the requested Clinical Privileges. If not, the Department Chief shall refer the Applicant’s credentials file back to Medical Staff Services and Medical Staff Services shall request that the Applicant provide additional information or peer recommendations. If the Applicant’s peer recommendations and professional practice review data are sufficient, the Department Chief shall complete the evaluation described in Section 2.6.1 and submit a written recommendation to the Aurora Unified Credentials Committee (for Category I Applicants) or the applicable Site Leadership Council (for Category II and Category III Applicants) that includes the following:

(a) Staff Membership. Whether the Applicant’s request should be approved or disapproved, the appropriate staff category (as applicable), and the appropriate Department. If the recommendation regarding Staff Membership or Staff category is adverse to the Applicant, the written recommendation shall clearly state the reason(s) for such action.

(b) Clinical Privileges. Whether the Applicant’s request should be approved or disapproved, in whole or in part, and whether there are any recommended conditions or restrictions. If the Applicant seeks initial or modified Clinical Privileges, the written recommendation shall include a focused professional practice evaluation method to be instituted in accordance with the Medical Staff’s peer review policy.\(^\text{50}\) If the recommendation regarding Clinical Privileges is adverse to the Applicant, in whole or in part, the written recommendation shall clearly state the reason(s) for such action.

2.6.5 Site Leadership Council Review and Recommendation.  
For Category II and Category III Applicants only, the Site Leadership Council shall complete the evaluation described in Section 2.6.1 and review the Department Chief’s written recommendation. The Site Leadership Council will then submit a written recommendation to the Aurora Unified Credentials Committee that includes the information set forth in Sections 2.6.4(a) and (b). If the Site Leadership Council disagrees with the recommendation of the Department Chief or the recommendation is adverse to the Applicant, in whole or in part, the Site Leadership Council’s written recommendation shall include the reason(s) for the alternative recommendation. If the Site Leadership Council recommends specified preconditions, its written recommendation shall include what conditions it recommends and the reason(s) for such recommendation.

2.6.6 Aurora Unified Credentials Committee Review and Recommendation.

If the Aurora Unified Credentials Committee recommends specified preconditions, its written recommendation shall include what conditions it recommends and the reason(s) for such recommendation.

2.6.7 Medical Executive Committee Review and Recommendation.  
Upon completion of the evaluation described in Section 2.6.1, and review of the written recommendations of the Department Chief and the Aurora Unified Credentials Committee, the Medical Executive Committee will draft a written recommendation that includes the information set forth in Sections 2.6.4(a) and (b). If the Medical Executive Committee disagrees with the recommendations of the Department Chief or the Aurora Unified Credentials Committee, in whole or in part, or the recommendation is adverse to the Applicant, the Medical Executive Committee’s proposed recommendation shall include the reason(s) for the alternative recommendation. If the proposed recommendation is favorable to the Applicant, the Medical Executive Committee will submit its recommendation to the Governing Body. If the proposed recommendation is deemed an Adverse Action in accordance with these Bylaws, the Site Administrator (or his or her designee) will notify the Applicant of the proposed Adverse Action (including the reasons for such recommendation) and advise the Applicant of his/her hearing rights (if any) in accordance with these Bylaws. The Medical Executive Committee shall not submit the proposed Adverse Action to the Governing Body until the Applicant has had an opportunity to exercise or waive his/her hearing rights (if any) in accordance with these Bylaws. The Medical Executive Committee may, in its sole discretion, recommend the Governing Body grant appointment or reappointment subject to certain specified
preconditions as set forth in Section 2.3.9. If the Medical Executive Committee recommends specified preconditions, its written recommendation shall include what conditions it recommends and the reason(s) for such recommendation.

2.6.8 Governing Body Review and Decision.\(^{51}\)
Upon completion of the evaluation described in Section 2.6.1, and review of the written recommendations of the Department Chief, the Aurora Unified Credentials Committee, and the Medical Executive Committee, the Governing Body will issue a written decision that includes the information set forth in Section 2.6.4. In the event the Governing Body approves specified preconditions, its written decision shall include a description of what conditions shall be imposed.

2.6.9 Expedited Governing Body Review and Decision.\(^{52}\)
(a) To expedite appointment, reappointment, and granting of Clinical Privileges, and in lieu of the full Governing Body issuing a written decision in accordance with Section 2.6.7, the Governing Body may delegate to a committee of at least two voting members of the Governing Body the authority to issue such decisions, provided that:

i. The Applicant submitted a complete application; and

ii. The Medical Executive Committee’s recommendation was not adverse and did not have limitations.

(b) In the following situations, the committee of the Governing Body will evaluate on a case-by-case basis whether to utilize the expedited process; usually, the situations will result in ineligibility for the expedited process:

i. There is a current challenge or a previously successful challenge to the Applicant’s licensure or registration.

ii. The Applicant has received an involuntary suspension or termination of medical staff membership at any health care organization.

iii. The Applicant has received involuntary limitation, reduction, denial, or loss of clinical privileges at any health care organization.

iv. The Medical Center(s) determine that there has been either an unusual pattern of, or an excessive number of, professional liability actions resulting in settlement or a final judgment against the Applicant.

The Medical Executive Committee may rely on the credentialing information provided by the TSO or the credentialing and privileging decisions of the TSO only if the TSO is subject to an agreement that complies with Section 2.3.14 and applicable regulatory and accreditation requirements. When the Medical Executive Committee is relying on the credentialing and privileging decisions of the TSO, an Applicant to the Telemedicine Medical Staff is not required to be evaluated by the Department Chief under Section 2.6.4 and the Aurora Unified Credentials Committee under Section 2.6.6. However, the Medical Executive Committee and/or the Governing Body may, in its or their sole discretion, require any individual Telemedicine Medical Staff Applicant or all of a TSO’s Applicants to be credentialed and privileged in accordance with the standard process set forth in these Bylaws. In addition, any Applicant for the Telemedicine Medical Staff who also wishes to apply for privileges to provide in-person services at the Medical Center, shall be credentialed and privileged in accordance with the standard process.

A Staff Member may deactivate his or her Clinical Privileges at the Site(s) at which the Staff Member no longer wishes to exercise Clinical Privileges by written notification to Medical Staff Services. Notwithstanding any other provision set forth in these Medical Staff Bylaws, the Medical Executive Committee retains the right to take any action, up to and including suspension or termination of Advanced Practice Clinician Staff Membership and Clinical Privileges, against an Advanced Practice Clinician, with or without cause. Such actions taken do not entitle the Advanced Practice Clinician to any process, hearing or appeal rights other than the limited rights specified in Section 4.3.3 below.

4.3.3 Limited Right to Review Adverse Action.
In the event an action taken against an Advanced Practice Clinician would be deemed an Adverse Action giving rise to procedures and/or rights if taken against a Medical Staff Member, the Advanced Practice Clinician shall have the right to personally appear before the Site Leadership Council to discuss the matter and have the action reviewed by the Site Leadership Council. To exercise such right, the Advanced Practice Clinician must file a written request for review with the Site Leadership Council within fifteen (15) days of the Adverse Action. This limited right of review and the interview shall not constitute

a “hearing” or “appeal” and are not subject to the procedural rules applicable to hearings and appeals. A decision on the action shall be made by the Site Leadership Council and the decision of the Site Leadership Council in reviewing the action shall be final.

4.3.4 Notice to Aurora Affiliates.

(d) **Expiration.** If a Staff Member’s license, certification or other credential authorizing practice in this State expires, the Staff Member’s Membership and Clinical Privileges shall be immediately and automatically suspended as of the effective date of such expiration. The failure of the Staff Member to submit proof of a current license, certification or other credential authorizing practice in this State within thirty (30) days after the expiration of such license, certification or other credential shall be deemed a voluntary relinquishment of the Staff Member’s Staff Membership and Clinical Privileges. If the Staff Member submits a current license, certification or other credential authorizing practice in this State prior to the voluntary relinquishment of Staff Membership and Clinical Privileges, the Staff Member’s Staff Membership and Clinical Privileges shall be automatically reinstated without further action on the part of the Staff Member or any Medical Staff committee. Medical Staff Services shall notify the Site Administrator when the license, certification or other credential is received.

**4.4.3 Exclusion from Health Care Program.**

A Staff Member’s exclusion from participation in Medicare, Medicaid or any health care program funded in whole or in part by the federal or state government, shall be deemed to be a voluntary relinquishment of such Staff Member’s Staff Membership and Clinical Privileges as of the date such exclusion becomes effective.

**4.4.4 Adverse Change in DEA Certification.**

If a Staff Member’s Drug Enforcement Administration (DEA) certification is revoked, suspended or voluntarily relinquished, or whenever such certification is subject to Probation, the Staff Member shall immediately and automatically be divested of the right to prescribe medications covered by such number. (b) The failure of the Staff Member to submit a Certificate of Insurance within thirty (30) days after the automatic suspension shall be deemed to be a voluntary relinquishment of the Staff Member’s Staff Membership and Clinical Privileges.
(c) If the Staff Member submits a Certificate of Insurance prior to the voluntary relinquishment of Staff Membership and Clinical Privileges, the Staff Member’s Staff Membership and Clinical Privileges shall be automatically reinstated without further action on the part of the Staff Member or any Medical Staff committee. Medical Staff Services shall notify the Site Administrator when the Certificate of Insurance has been received.

A failure to provide Medical Staff Services with adequate evidence that an appropriate collaborative or supervisory relationship and agreement exists and that the Advanced Practice Clinician is in compliance with the terms of such collaborative or supervisory agreement, within one (1) month after the date the automatic suspension became effective, shall be deemed to be a voluntary relinquishment of the Advanced Practice Clinician’s Staff Membership and Clinical Privileges.

If a Staff Member fails to comply with AAH or Medical Center policies regarding required immunization, vaccines, and testing, the Staff Member shall be administratively suspended until the Staff Member complies, provided however, failure to comply within thirty (30) days shall be deemed a voluntary relinquishment of the Staff Member’s Staff Membership and Clinical Privileges.
