Aurora St. Luke’s Medical Center is the largest hospital in Wisconsin and the only hospital in Wisconsin with a 24/7 on-site heart care team. We provide innovative care to patients from across the state, country and world. A nationally recognized health care provider, we offer a wide range of medical specialties in a culturally affirming and compassionate way to help all people live well.

NATIONALLY RECOGNIZED FOR EXCELLENCE

- **Newsweek**: World’s Best Hospitals 2023
- **Best Specialized Hospital – Cardiology**
- **U.S. News & World Report**: Best Hospitals 2023
  - #1 Hospital in Metro Milwaukee Area
  - #1 Cardiac Hospital in Wisconsin
  - #1 Rehab Hospital in Wisconsin
- **BECKER’S HOSPITAL REVIEW**: Best Hospitals for Rehabilitation
- **Modern Healthcare**
  - FORTUNE: Best employers in state and diversity
  - Healthgrades: Specialty Excellence Awards: Coronary Intervention

CLINICAL EXPERTISE AND SPECIALTIES

- **Cardiac Care**: Internationally known for expertise in interventional cardiology, electrophysiology, thoracic surgery and transcatheter structural interventions
- **Cancer Care**: Advanced cancer care under one roof for all types of cancers with a wide array of treatment options including stem cell transplant, accredited bone marrow transplant and cellular therapies, radiation therapies and precision medicine principles
- **Hyperbaric & Wound Care**: Internationally recognized as the birthplace of clinical hyperbaric medicine, St. Luke’s is home to one of the largest hyperbaric chambers and busiest programs in the country. Comprehensive care that includes hyperbaric medicine, inpatient and outpatient wound care, and a multidisciplinary limb preservation program.
- **Minimally Invasive Surgery**: Performs the most robotic surgeries across Advocate Health’s Midwest region and is a national leader in urology, gynecology, thoracic, colorectal and ENT procedures
- **Organ Transplant Services**: More than 1000 heart transplants, 800 kidney transplants, and 500 liver transplants conducted, as well as expertise in pancreas transplantation
- **Neurological Care**: Extensive neurosurgical and neuroendovascular capabilities support our accredited comprehensive stroke program, brain cancer therapies, epilepsy, movement disorders and the full spectrum of neurological care
- **Spine Care**: Comprehensive spine care services including spine physiatrists, surgeons, pain management specialists, rehabilitation services, and integrative medicine
- **Women’s Health Care**: Mammograms, minimally invasive surgeries, gynecological surgical oncology, pelvic floor physical therapy, incontinence and more

CARING FOR OUR COMMUNITIES

- **Emergency Department patients were referred to Federally Qualified Health Centers to establish a medical home as part of the Milwaukee Health Care Partnership**
- **Karen Yontz Women’s Cardiac Awareness Center** provides health risk assessments and lifestyle practice recommendations
- **Aurora Walker’s Point Community Clinic** is the largest free clinic in Wisconsin and serves a community of individuals that often face barriers to accessing care

2900 W. Oklahoma Ave., Milwaukee, WI 53215 | aurora.org/stukes | 414-649-6000

Aurora Health Care | Now part of ADVOCATE HEALTH
Parking:

Students and instructors should park in the Dakota parking structure located at 29th and Dakota streets.
Please enter the building through the Medical Office Building 1 (MOB1) entrance near 29th St and Kinnickinnic Parkway. Because the lot requires badge access, students will need to press the button on the intercom for public safety to open the gate.

In winter, feel free to take the shuttle bus that picks up at Dakota and drops you off at the MOB1 entrance.

The Dakota ramp is located behind the Aurora Conference Center at 2920 W. Dakota St.

***If your clinical start time is during 2nd or 3rd shift, please park in the Main Parking Structure attached to the hospital.
St Luke’s Hospital Map:

Different areas of the hospital are color-coded. Follow the colored floor tiles to get to your desired building.

Who To Call For HELP

Step 1) Identify the concern
Step 2) Dial 22
Step 3) Communicate the team needed and provide specific location

**CODE TEAM**
- INPATIENTS
- OUTPATIENTS RECEIVING PROCEDURAL SEDATION
  - Pulseless
  - Not breathing
  - Unresponsive
  - Lethal condition changes such as:
    - Profound hypotension
    - Profound hypoxia
    - Lethal rhythm change
    - Massive blood loss

This includes "Selective Treatment/NO CPR" patients that are agreeable to ANY of the following:
- Intubation
- Antiarrhythmics
- Cardioversion
- Vasopressors

**FIRST RESPONSE**
- OUTPATIENTS VISITORS
- TEAM MEMBERS
  - Those who need immediate medical assistance (including NO CPR patients)
  - Acute changes in:
    - Heart rate, blood pressure, oxygen requirements, respiratory rate, LOC
    - Signs & symptoms of a head or spine injury post-fall
    - New or recurring chest pain
    - Positive sepsis screen and clinically unstable
    - Persistent, uneasy feeling about patient’s condition

**BERT TEAM**
- INPATIENTS OUTPATIENTS VISITORS
  - Self-destructive or self-harming behavior
  - Confusion or agitation
  - Aggressive, threatening, violent behavior
  - Destruction of property

**STAT TEAM**
- INPATIENTS
- 10 MINUTE RESPONSE TIME
  - Those who need immediate medical assistance (including NO CPR patients)
  - Acute changes in:
    - Heart rate, blood pressure, oxygen requirements, respiratory rate, LOC
  - Signs & symptoms of a head or spine injury post-fall
  - New or recurring chest pain
  - Positive sepsis screen and clinically unstable
  - Persistent, uneasy feeling about patient’s condition

**STROKE**
- Acute changes in neurological status or stroke-like symptoms:
  - Balance
  - Eyes
  - Facial drooping
  - Arm weakness
  - Speech difficulty
  - Terrible headache

*Stroke hotline: 649-5800 (NON-URGENT needs 24-Hour RPH, education, discharge questions)

**ISCHEMIC LIMB**
- Signs and symptoms of an ischemic limb
  - Pulselessness
  - Perishing cold
  - Pallor
  - Pain
  - Paralysis
  - Paresthesia

Aurora St. Luke's Medical Center
Food and Drink:
The cafeteria is in the basement of the North building and hours are primarily during day shift. Seating is available in the cafeteria.

Starbucks is located on the first floor near MOB1. Hours are variable but are typically morning through early afternoon.

Faculty Badge:
On-site clinical faculty will obtain an ID badge from public safety prior to the beginning of their rotation. If you do not have an AH-issued faculty badge, we need to submit a request for you. **To do so, we must submit a photo of you with the request.**

- Send a JPG picture of yourself to [site school liaison](mailto:site.school.liaison@stlukes.com) to obtain nursing faculty badge.
  - Take photo with a plain background.
  - Photo should include only head and shoulders.
  - Verify photo is a JPG format and straight up and down.

The turnaround time from request to badge is typically quick, but we would like to get this request made as soon as possible.

If you are an AH teammate, unit access will be added to your teammate badge. You will be expected to use this badge for access but wear your school’s faculty badge.

If you have an AH issued faculty badge from a previous semester, please send us the complete number from the back of the badge to reactivate.

Please communicate your badge needs prior to the start of the semester.

If you are being issued a new badge, you will pick up the badge from the Public Safety office on the first floor down the hallway from Starbucks.

Student Badges:
Students will wear their school-provided picture identification while on St Luke’s property. ID badges will be worn above the waist while on St Luke’s property.

COVID Reminders:
COVID-19 information will be updated on the Student Website in the section titled “Orientation for Inpatient Instructor and Students.”

*Please* reinforce the importance and proper frequency of **hand washing** with your nursing students.
