PART OF A
TOP 12
NOT-FOR-PROFIT HEALTH SYSTEM

Aurora Psychiatric Hospital in Wauwatosa provides the most comprehensive continuum of behavioral health care in Wisconsin on a beautiful, 30-acre wooded campus, with treatment options for patients from childhood to geriatrics. A nationally recognized health care provider, we offer a wide range of medical specialties in a culturally affirming and compassionate way to help all people live well.

NATIONALLY RECOGNIZED FOR EXCELLENCE

CLINICAL EXPERTISE AND SPECIALTIES

**Adult Inpatient Program**
A holistic approach to healing from mental health and substance abuse problems

**Adult Mental Health Outpatient Programs**
Powerful, practical ways to respond to emotional distress including partial hospitalization and intensive outpatient programs for patients experiencing extreme fear, depression or anxiety

**Adult Substance Abuse Programs**
Full range of evidence-based treatment options including residential, partial hospitalization and intensive outpatient with some of the area’s leading addiction experts

**Child & Adolescent Inpatient Program**
Individualized, acute care and treatment for children and teens ages 5 to 18 by working closely with families and providing a safe, supportive environment

**Child & Adolescent Outpatient Programs**
Powerful, practical ways to respond to emotional distress for children and teens ages 5 to 18 including partial hospitalization, day treatment and intensive outpatient program. Programs preserve day-to-day routines for those experiencing extreme fear, depression or anxiety.

**Kradwell School**
School personnel create personalized learning plans to complement the behavioral needs of children who struggle in traditional education environments due to emotional or psychological disorders.

CARING FOR OUR COMMUNITIES

Teleintake and telepsychiatry helped patients in ED, urgent care and inpatient consultations throughout Eastern Wisconsin.

One-on-one teacher attention helps students succeed with plans tailored to each student and any conditions they might have.

Continuing education programs ensure providers’ practice is current, evidence-based and in contact with other behavioral health professionals.
