CLINICAL EXPERTISE AND SPECIALTIES

Cardiac Care
A comprehensive heart and vascular care program in conjunction with Aurora St. Luke’s Medical Center dedicated to prevention, diagnosis and treatment.

Cancer Care
State-of-the-art, compassionate cancer care conveniently close to home. We diagnose more cancer patients than any other health system in Wisconsin.

Emergency Care
Level III Trauma Center; Stroke Center of Excellence.

Gastroenterology
Culture of excellence in the entire spectrum of digestive conditions of esophagus, stomach, small intestine, colon, pancreas, gallbladder and liver.

Orthopedic and Spine Care
Latest advances in surgical and non-surgical options and minimally invasive procedures, computer-assisted surgical technology and research.

Pulmonology
Advanced, innovative experts specializing in diagnosing and treating diseases of the lungs and other parts of the respiratory system.

Surgical Care
Wide range of inpatient and outpatient general, vascular, breast and plastic surgeries, using the most advanced medical technologies, including robotics.

Women’s Health Care
Mammograms, minimally invasive surgeries, proactive health and wellness, and more.

CARING FOR OUR COMMUNITIES

Senior Resource Nurses guide aging adults on Advanced Directives, fall prevention, managing medication and more, coordinating with the care team.

Cancer Nurse Navigators serve as advocates, provide support for survivors and give recommendations for healthy lifestyle changes.

Newborn health and safety outreach educating new mothers on car seat safety, safe sleep practices, breastfeeding, infant CPR, and more.
